

SA Berries Newsletter

November Issue 10

We are halfway through our season, and what do the volumes look like?

WHO IS JEAN KOTZE?

He's our new Chairman. Jean has been involved with SA Berries since 2011, and its with great excitement that we welcome him as the new man to steer the SA Berries ship forward!.

What's new on the list of registered chemicals?

- Tamprid: Acetamiprid (thrips)
- Topstar: Thiacloprid (thrips)
- Corona 250 EW: Tebuconazole (rust)

Where to next??

SA Berries are off to Beijing for the China Fruit & Veg show in Beijing 16/17/18 November. The main aim is to create awareness of our industry amongst the Chinese market. Wish us luck!

We have brand new website! Please check us out at www.saberries.co.za. If you have any recommendations, please do not hesitate to contact us!

SA Berries are in the process of doing trial work on certain insecticides, fungicides, and herbicides – watch this space to follow our progress.
